

India shines again at WorldSkills 2024

The Tourism and Hospitality Skill Council (THSC) has proudly showcased India's talent on the global stage at the prestigious WorldSkills Competition 2024, achieving remarkable success in multiple categories within the hospitality and culinary sectors. This marks THSC's fourth consecutive win at the WorldSkills competition, further solidifying its position as a leader in skill development, according to a company release.

In an impressive display of skill and dedication, India secured a bronze medal in hotel reception, a bronze medal in patisserie and confectionery, and a medallion of excellence in cookery.

Jyoti Mayal, chairperson of THSC, stated, "Our success at WorldSkills 2024 highlights the outstanding talent emerging from India. This achievement is a testament to the rigorous training and commitment of our participants. I wholeheartedly congratulate each winner and commend the THSC team for their unwavering efforts in elevating India's stature in global hospitality and culinary fields. We remain dedicated to our mission of skill development and look forward to even greater accomplishments in the future."

Rajan Bahadur, CEO of THSC, added, "We are incredibly proud of our team and experts for their hard work and dedication. Their success at the WorldSkills Competition not only showcases their individual talent but also highlights India's growing prominence in the global hospitality and culinary industries. These victories affirm the strength of THSC's training programs and our commitment to nurturing world-class talent."

The WorldSkills Competition is the world's largest vocational education and skills excellence event, bringing together participants from nearly 70 countries to compete in various trades and professions. India's continued success at this prestigious event underscores the impact of THSC's skill development initiatives and its commitment to enhancing the country's global competitiveness.
