

Hilton Mumbai International Airport's banquet space gets a versatile makeover

Hilton Mumbai International Airport, a distinguished haven for both business and leisure travelers, is delighted to announce the reopening of its banquet facilities. This meticulously revamped space seamlessly marries the grandeur of Victorian architecture with contemporary elegance, setting the stage for a versatile and sophisticated event venue. Committed to offering a diverse array of settings for various occasions, the newly refurbished banquet area not only amplifies seating capacity but also introduces three distinctive conference rooms, aptly named Chancellor 1, 2 & 3.

Chancellor 1 & 2 combine to form a spacious 3,260 square feet of event space, while for more intimate gatherings, Chancellor 3 provides a cozy setting spanning 561 square feet. The updated banquet facilities offer a fresh perspective on event hosting in Mumbai, catering to a wide spectrum of gatherings. These cutting-edge spaces are well-suited for theater-style meetings, classroom sessions, boardroom discussions, and are equally equipped to host weddings and corporate events of all scales.

Mr. Deepak Kumar, the General Manager at Hilton Mumbai International Airport, expressed his enthusiasm, stating, "We are thrilled to unveil our newly renovated banquet spaces. Our commitment to delivering exceptional service extends to crafting extraordinary event experiences. Whether it's a corporate meeting, a grand wedding, or any special occasion, our versatile banquet spaces are designed to surpass expectations and leave an indelible impression."
