

## **HRAWI welcomes Maharashtra government's decision to allow 24/7 operations**

The Hotel and Restaurant Association (Western India) – HRAWI has welcomed the Government of Maharashtra's landmark decision permitting shops, hotels, restaurants, and other establishments across the State to operate 24 hours a day, seven days a week.

Announced through Circular No. Mudrank-1225/ Pra Kra 154/ Kaamgar-10 dated October 1, 2025, the reform is being hailed as a significant step toward enhancing ease of doing business and fostering economic and tourism growth.

Mr. Jimmy Shaw, President, HRAWI, said:

"This decision empowers businesses with greater operational flexibility while directly benefiting local communities through job creation. It recognises the needs of the industry and will have far-reaching positive implications. This step is especially pertinent to Mumbai's aspiration of becoming a truly global city and perfectly complements the national vision of Viksit Bharat 2047."

The Association noted that the reform will not only boost the hospitality and retail sectors but also reinforce Maharashtra's position as a premier investment and tourism destination.

Mr. Pradeep Shetty, Hon. Secretary, HRAWI, added:

"HRAWI commends the Maharashtra Government for this visionary reform. Allowing round-the-clock operations will create immense opportunities in employment generation, improved consumer convenience, and increased tourism inflows. While the relaxation currently excludes excise-licensed establishments serving or selling liquor, extending similar flexibility to these outlets would further strengthen the industry. We remain optimistic that this consideration will be taken up in due course."

As one of India's oldest hospitality trade bodies, HRAWI reaffirmed its commitment to work closely with the State Government to ensure the successful implementation of this initiative, which coincides with the Association's 75th anniversary year.
