

## **The DoubleTree by Hilton Pune – Chinchwad takes a step towards sustainability**

DoubleTree by Hilton Pune Chinchwad has made a significant stride towards sustainability. The hotel has launched a series of green initiatives aimed at reducing its environmental impact and promoting eco-friendly practices.

The initiatives include energy-efficient lighting systems, waste reduction programs, and water conservation measures. The hotel has installed LED lighting throughout the property, significantly cutting down on energy consumption. Additionally, a comprehensive waste management program has been introduced to segregate and recycle waste effectively.

Water conservation is another focal point of the hotel's sustainability efforts. Low-flow fixtures have been installed in guest rooms and public areas to reduce water usage. The hotel also conducts regular training sessions for staff to raise awareness about sustainable practices and ensure their implementation.

The DoubleTree by Hilton Pune Chinchwad's commitment to sustainability extends beyond its operations. The hotel is also engaging with the local community to promote environmental awareness and support local green initiatives.

“We are dedicated to reducing our environmental footprint and contributing positively to our community,” said the hotel's General Manager. “Our sustainability initiatives are a reflection of our commitment to responsible hospitality and creating a greener future.”

These efforts by DoubleTree by Hilton Pune Chinchwad align with Hilton's global sustainability strategy, which aims to cut the company's environmental footprint in half and double its social impact by 2030. The hotel's proactive approach sets a benchmark for sustainability in the hospitality industry, demonstrating that luxury and sustainability can go hand in hand.
