

Chalet Hotels secures second rank in global sustainability index

Chalet Hotels Limited has secured the second position globally in the Hotels, Resorts and Cruise Lines category in the S&P Global Corporate Sustainability Assessment (CSA) 2025, achieving an overall score of 82.

The company recorded a significant improvement of 15 points from its previous score of 67, reflecting stronger performance across key sustainability pillars. It scored 85 in Environmental parameters, 83 in Social indicators, and 78 in Governance and Economic metrics. The improvement highlights progress in areas including climate strategy, environmental management, human rights, supply chain practices, and corporate transparency.

Leadership perspective

Shwetank Singh, Managing Director and Chief Executive Officer of Chalet Hotels Limited, said the recognition underscores the company's commitment to integrating sustainability into its core business strategy.

He noted that being ranked second globally under the framework associated with the Dow Jones Sustainability Index is both an honour and a responsibility, reinforcing the company's focus on responsible development, climate leadership, and strong governance practices. According to him, the recognition encourages the organisation to continue raising the benchmark for sustainable hospitality globally.

Expanding hospitality footprint

Part of the K Raheja Corp group, Chalet Hotels Limited currently operates 11 hotels and resorts with 3,389 keys across international brands including JW Marriott, The Westin and Novotel. The company also has more than 1,500 rooms under development while continuing to expand its commercial real estate portfolio. The S&P Global Corporate Sustainability Assessment evaluates over 12,000 companies worldwide based on environmental, social and governance (ESG) performance, making it one of the most widely recognised sustainability benchmarks for corporations.
