

Suba Hotels crosses 100 hotels and posts its highest-ever revenue

Suba Hotels Limited reports record FY26 revenue growth

Hospitality company posts 45% increase in revenue and expands network to over 102 hotels across 73 destinations

Suba Hotels Limited has announced its audited financial results for FY26, reporting its highest-ever annual revenue of Rs 115.89 crore, a 45 per cent increase over the previous year. The company's EBITDA rose 13 per cent year-on-year to Rs 26.82 crore, while profit after tax (PAT) increased 19 per cent to Rs 18.01 crore.

Financial Performance

The strong performance was supported by continued network expansion, improved business volumes and growing traction across the company's brands and operating formats. During FY26, Suba Hotels expanded its footprint to more than 102 operational hotels, over 4,660 keys and 73 destinations across India.

Leadership Perspective

Mansur Mehta described FY26 as a landmark year for the company, highlighting its record revenue performance and expanding portfolio. He noted that Suba Hotels operates across five hospitality business models—management contracts, revenue sharing, franchising, asset ownership and hybrid structures—providing the company with a unique advantage in partnering with hotel owners and driving growth.
