

Novotel Mumbai International Airport launches Little Hearts by Novotel

Novotel Mumbai International Airport has unveiled “Little Hearts by Novotel,” a heart-warming initiative designed especially for its youngest guests. The program reflects the hotel’s commitment to creating memorable, family-friendly experiences while embracing sustainability and care.

Under this initiative, children checking in at the hotel are welcomed with their very own Kids’ Registration Card, adding a playful touch to the arrival experience. Each young guest also receives a sustainable teddy bear, thoughtfully crafted from eco-friendly materials — a cherished keepsake that embodies warmth, inclusivity, and environmental mindfulness.

Setting a new benchmark in the neighbourhood, “Little Hearts by Novotel” is a unique concept that blends creativity, sustainability, and heartfelt hospitality to redefine family experiences in urban hotels.

Rachita Sood, General Manager, Novotel Mumbai International Airport, said:

“Our goal is to ensure every guest feels special — and that includes our little ones. With ‘Little Hearts by Novotel,’ we’re creating joyful first impressions while staying true to our sustainability promise.”

With this launch, Novotel Mumbai International Airport continues to champion thoughtful, family-oriented experiences that bring smiles across generations — reflecting the brand’s spirit of caring hospitality with purpose.
