

Le Méridien Ahmedabad opens its doors to guests

Le Méridien Hotels & Resorts, part of Marriott Bonvoy's global portfolio of over 30 brands, proudly announces the opening of Le Méridien Ahmedabad, marking a significant milestone in the city's evolving hospitality narrative. The hotel opens its doors following the transformation of Courtyard by Marriott Ahmedabad, introducing the timeless elegance and cultural vibrancy that Le Méridien is renowned for.

Timeless Style Meets the Spirit of Discovery

Blending mid-century modern design with a passion for slow travel, culture, and creativity, Le Méridien Ahmedabad invites both global tastemakers and local connoisseurs to discover a unique hospitality experience rooted in art, style, and sensory exploration.

“We are excited to introduce the Le Méridien brand to Ahmedabad, bringing the brand's essence of savouring the good life to global tastemakers and locals,” said Ranju Alex, Regional Vice President – South Asia, Marriott International. “Ahmedabad's rich heritage in art, architecture, and cuisine makes it a perfect match for Le Méridien. This hotel is a celebration of thoughtful detail and modern design—inviting travelers to explore the city with curiosity and flair.”

Where Legacy and Innovation Meet in Design

With 164 guest rooms and suites, the hotel draws inspiration from Ahmedabad's textile traditions and architectural landmarks. Neutral palettes, elegant mid-century silhouettes, and bespoke accents lend each room a calm sophistication. At the heart of the hotel, a custom lobby art installation pays homage to the city's heritage—a vibrant confluence of movement, culture, and craftsmanship.

Le Méridien Ahmedabad redefines culinary indulgence with a suite of eclectic dining venues:
